During the last decades the appearance of a family has changed substantially. Not long ago a typical family consisted of an employed man and a home-managing woman living together for their whole life times, and having one or more children, which primarily were raised by the

What is the difference between family and household? - Quora

-Non-family household: consist of people who live alone or who share their residence with unrelated individuals. But this household is not the household collectively but for an individual. For instance, two people A and B are sharing a room, so for A it is her household and individually for B it is hers. Not for both A and B it is the household.
