Although much of what is considered international or transnational migration today transforms people of a wide range of social standings in the emigration countries into laborers at the bottom social and economic ranks of the immigration countries, millions of individuals worldwide seek to migrate internationally. International Migration, Social Demotion, and Imagined Advancement argues that International Migration, Social Demotion, and Imagined ...

Revolving around an ethnographic study of the Albanian "emigration" in Greece, International Migration, Social Demotion, and Imagined Advancement finds that imaginaries of the world as a social hierarchy might lie at the roots of much of the contemporary international migration. As would-be emigrants perceive different countries in terms of distinct social stations in a global order, they
