I.) Your grades in multivariate calculus, linear algebra, probability theory, and real analysis might make it difficult to crack some of those PhD programs, but I think you have a fair shot at getting into at least one of them.

What math encompasses econometrics? - Quora  
For now, econometrics seems to have been the purview of the macro camp. But, looking across the range of heterodox ideas, we can (need to) bring the micro to the fore. But, looking across the range of heterodox ideas, we can (need to) bring the micro to the fore.
