Roles vs Position | ARIS BPM Community
Dear All, We are about to start modeling our Business processes using ARIS (epc model). The ARIS expert wants to use Role object instead of position to describe who is executing the activities within a process in an EPC. A role could be performed by a number of different positions so roles will be assigned to positions using French translation of 'role' - Collins English Dictionary
The role of someone or something in a situation is their job or position in it. Parents need to be clear about their role in raising their children. American English : role
Role - definition of role by The Free Dictionary
role (r ɒ l). 1. also r ɪ le A character or part played by a performer. 2. The characteristic and expected social behavior of an individual. 3. A function or position. See Synonyms at function. 4.
