[Space tourism - Wikipedia](#)

Space tourism is space travel for recreational, leisure or business purposes. There are several different types of space tourism, including orbital, suborbital and lunar space tourism. To date, orbital space tourism has been performed only by the Russian Space Agency. Work also continues towards developing suborbital space tourism vehicles. This is being done by aerospace companies like Blue Space Tourism: How Much Should You Save For A Space Trip ...

Although outer space tourism is still in its baby steps, bookings for some space tourism operators are now ongoing. Like any trip preparation, space travel entails questions that a smart and savvy tourist always asks. What are the trip's highlights? How long will it take? Is it safe? What is the cost of a trip to outer space?
