In the latest issue of The Harvard Business Review, a team of researchers argue that a steady increase in collaborative work is undermining organizations' performance. Across industries, they say

[The Success Syndrome: Prevention Is Better Than Cure ...](#)

Success Syndrome for a business refers to a tendency to stop pursuing excellence and customer satisfaction with the same rigor as was the case when the business first started. This is usually because the company has achieved a bit of success. Almost all businesses will at some point pass through this phase, where they become apathetic, letting things slide that they ordinarily wouldn't have

picture of it thus: You get to the public square to fetch water, during the period of water scarcity. You join the long queue of people who have come to also fetch, by the time you get to the tap and place your bucket the tap S. Berglas, The Success Syndrome Steven Berglas 1986 lected by the Scoggin success syndrome, it is not immune to the disorder. His recognizing this vulnerability and adopting a proactive approach to minimize the negative effects of financial success upon his (10,000 +) employees' attitudes may underlie the obvious success and recognition he has received. As Scoggin noted repeatedly as we spoke about success: "Inherent in the success of every
